

BEP Floral Blend

This exquisite blend comes from the Boquete District, in the province of Chiriqui, North-western Panama. Due to its location on the Central Mountain range (Cordillera Central), this area has a very peculiar climate and geography, which created the perfect conditions for coffee cultivation. Boquete has over 100 years of history in coffee growing, which makes it the most traditional coffee growing district in Panama.

The Cup: 86.5pts.

Floral and fruity, medium acidity, smooth chocolate tendency.
