

GREEN COFFEE INNOVATION

# José Alberto

Lot 150

José has been producing exceptional coffee on “La Union” for 12 years, a good sized farm of 11 hectares. The farm enjoys an altitude among the highest in Nicaragua, making it a perfect micro-climate for specialty coffee as seen by many Cup of Excellence winners originating from the area.

The region of La Union is notable as one of only a few colonial villages in northern Nicaragua, characterized by its Spanish heritage and pine tree vegetation.

## The Cup: 86pts.

Green apple, choc, mid body, nice AT, sparkling acidity
