

Pacamara

Virginia Estate

Finca Cafelandia was established in the early 20th century by Mr. Máximo Rojas Arce and his wife Mrs. Corina Rovira. It was developed as a self-sustainable farm incorporating sugar cane and a small mill, dairy cattle, and allocations for produce and coffee. In 1964, their two daughters inherited the farm and continue to run production.

Since the 1990s when the specialty coffee movement hit Boquete, they have gradually developed the farm to become a full coffee plantation, and planted the Pacamara variety, along with a Geisha in 2006. Now, the farm is totally transformed as a result of the dedication and care taken by its owners.

The Cup: 88pts.

Peach juice, lush mouthfeel, honey, refined lemon acidity, silky.

COFFEE PROFILE

Country:

Panama

Region:

Palmira
